January gave us 8 winners (including Firestream, pictured left) as did February, bringing the season total to 32 winners so far, 32 2nds and 26 3rds. We're currently brewing up for Aintree, where we plan to have some runners.

Rachael and I are really enjoying this season. We've already passed last years winners tally and have won over £300,000 in prize money. At present we have 40 horses riding out, while a handful are resting.

Meet Cameron Iles:

Cameron joined us in October 2020 following a stint as an apprentice jockey on the flat. He's now got his conditional license and had his first 2 rides for us in February. Both were on Jepeck, (pictured right) who continues to thrive at 13 years old and finished 2nd in both races. He then had another ride coming 4th on Jepeck in March at Uttoxeter in a £50,000 Handicap Hurdle.

The 5-2-Follow competition continues to run. We had 96 entries this year which will raise a fantastic amount of money for the Somerset and Dorset Air Ambulance. Currently in 1st place is Jonathan Prew, 2nd Gill Langford and 3rd Cary Dale. The leaderboard is forever changing with the prizes all still to play for!

The new barn is still a work in progress! The groundwork is now finished and the building steels are going up as we speak! The stables are currently being constructed off site to be put in place May/June. We hope to be looking at completion towards the end of this summer. We're really looking forward to being able to fill the 22 new boxes which will bring us to a 60 stable capacity, plus a new office and owners room which we can't wait to welcome you into!

Serious Charges (pictured above) has now won 3 in a row, including his latest valuable handicap hurdle at Uttoxeter, shown on ITV. Due to the ease in which he did this, its cleared the way for him to go to the Grand National Festival meeting at Aintree in either the 3m handicap (which we've won before) or the 3m grade 1 novices' hurdle.

Rouquine Sauvage and Kilconny Bridge are both in foal to Passing Glance. They will soon be foaling at Overbury Stud. We were very keen to use Passing Glance following the past success we had with Fountains Windfall. Then the mares will be covered by Jack Hobbs before returning to Potwell Farm for their summer at grass with the foals.

Decimus Racing XI – SHARES AVAILABLE

Decimus Racing is delighted to be offering for sale one-tenth shares in the unbeaten, four year old FORTUITOUS FAVOUR (IRE).

She won her sole race impressively in a filly's bumper, when three, after which the Racing Post reported: *"She hails from a good jumping family. She ran green but came from an unpromising position to snatch the verdict in the final strides. With only two of the eleven having run before, the form is hard to assess but she will improve markedly for the experience."*

The stunning filly is by Soldier of Fortune, with whom Anthony has already tasted success, most recently with Serious Charges. The dam, Northwood Milan, was unraced but was by Milan and is the sister to 8 winners including two black type performers, Fagan and Sunni May, as well as Creevytenant. She's from the family of Morley Street and Granville Again.

After her run she was given a break to mature further. She's now ready to go again and will run in a bumper in April or May, with the target of the mares' listed bumper at Cheltenham in the autumn.

One-tenth shares cost £3800 and monthly payments to cover all costs, including insurance are £195 from 1 April, 2022.

Please contact Anthony on 07815898569 or Lucy on 01308867452 for more info and/or to arrange a visit to the yard.
